Image selection aims to capture the essence of the alpine tops at dawn and dusk

During 2025, each month enjoy a full page main image plus a generously sized, full width panoramic image at the base of the day/date page

The day/date page allows plenty of space to write day notes and includes a next month preview thumb

The next two pages show open, on-wall spreads for May and October

Dawn view from above Pioneer Hut (2,380m) to the main divide, Westland Tai Poutini National Park. From left Mt Alack, Douglas Peak, Mt Haldinger, Grey Peak and Mt Hoast
